NEWS ABOUT
OUR VISUAL
ART PROGRAM

Our art room mascot is an adopted pug Webkin that was found in the art room a few years ago. The artists are often inspired to use him as inspiration for their artwork.

www.lincolntartroom.info

welcome to our first lincoln art room website!

Please jump on-line and visit our very own Lincoln Art room website. Here you can view many of the wonderful and exciting things that happen in the Visual Arts world here at Lincoln Elementary. On this site, you can find all sorts of information about: our art lessons, student artists and their work, Winchester Friends of Art, Miss Costello, and the magnificent Lincoln Art room.

One exceptional feature of this site is the "Live Gallery" page... a unique web

feature that can mirror Miss Costello's Art room laptop, iPhoto library. Parents and kids can view its contents. Images of all the young artists (every student) and lessons as they happen. The gallery albums are uploaded and updated (by grade and by lesson) daily/weekly.

More information on the website and features can be found on Miss Costello's blog page. The site is designed and maintained on the Apple laptop donated by the WInchester FOA. The site domain and Apple MobileMe gallery that contains the site contents is supported by

our own LSPA... for all this we are eternally grateful. Enjoy viewing!

This site is password protected for members of the Lincoln School Community. Please note box below.
